

Detalhes da oferta de emprego : Technical Supply Chain Consultant

Recrutador	OMP
Endereço	Rua Bandeira Paulista, 275 - cj 91
Cidade	São Paulo - SP
Referência	24D1730893022
Título da oferta	Technical Supply Chain Consultant
Descrição da missão	As a supply chain consultant, you equip customers with supply chain planning solutions. You analyze planning challenges, assist in the solution design, implement and validate the solution, and ensure a smooth go-live. Customers rely on your support throughout the entire project life cycle.
	<p>You are responsible for:</p> <ul style="list-style-type: none"> Finding clever planning solutions in collaboration with our solution architects to ensure an impeccable, high-quality implementation. Implementing the solution from start to finish, together with the customer's project team. Providing expertise during and after implementation. Training customers so they get the most of their solution. Documenting the implemented solutions by providing technical descriptions to your fellow consultants and functional notes to the customer. Although you'll be visiting customers regularly (about 20% of your time), you won't be outsourced. In this way you remain rooted in our team of experts and consultants.
